Dear Prospective Sponsor:

The Association of Government Accountants (AGA) serves government accountability professionals by providing quality education, fostering professional development and certification, and supporting standards and research to advance government accountability. As a not-for-profit educational organization, AGA serves the professional interests of financial managers from local, state and federal governments as well as public accounting firms with clients in the governmental arena.

The Montgomery chapter of AGA has offered a variety of educational events this program year. These included an 8-hour educational seminar in November and a 4-hour education seminar in April, several audio conferences, and nine monthly meetings throughout the year. The attached page details our dates for the 2012-2013 year for our chapter.

Your company's level of generosity will be recognized not only at the educational event, but, depending on your level of sponsorship, may also be recognized on our chapter's website. The various sponsor levels are below, with specific details on each level listed at the end of this letter.
