

Golden G. Richard, III

Speaker Bio:

Golden G. Richard III is a digital forensics and computer security expert and a Fellow of the American Academy of Forensic Sciences, with over 35 years of practical experience in computer systems and computer security. He is Professor of Computer Science, University Research Professor, and Director of the Greater New Orleans Center for Information Assurance (GNOCIA) at the University of New Orleans, where he has taught and conducted research for the past 20 years. His research interests mirror his teaching interests: digital forensics, reverse engineering, offensive computing, operating systems internals, and malware analysis. Dr. Richard is also a member of the United States Secret Service Electronic Crime Taskforce, the Editorial Board of the Journal of Digital Investigation, and the Editorial Board of the International Journal of Digital Crime and Forensics (IJDCF). He is a founding member and chairman of the non-profit that runs the Digital Forensics Research Workshop (DFRWS), the premiere venue for publishing digital forensics research. He earned his Ph.D. from The Ohio State University.
